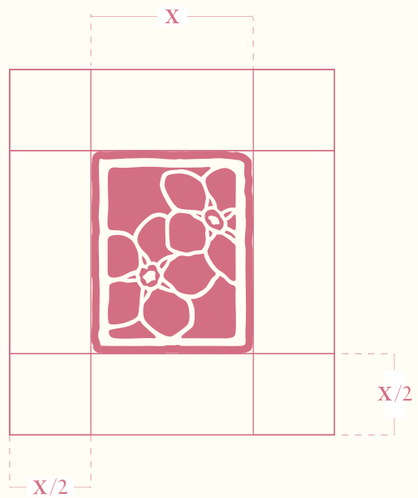
Primary Wordmark

The primary wordmark is used as the first choice to represent the 'darielan' brand, which is dominated by photography.

Brandmark



The logogram is used as a complementary graphic element and also to represent the brand when the primary wordmark cannot be used.

Background control

Opacity can be used when contrast is achieved to reduce distractions from photos or imagery.

Minimum size

Minimum size for primary wordmark is 25px in height, including its clear space

Minimum size for brandmark is 25px in height, including its clear space

Incorrect usage examples

do not crop logo

do not stretch logo

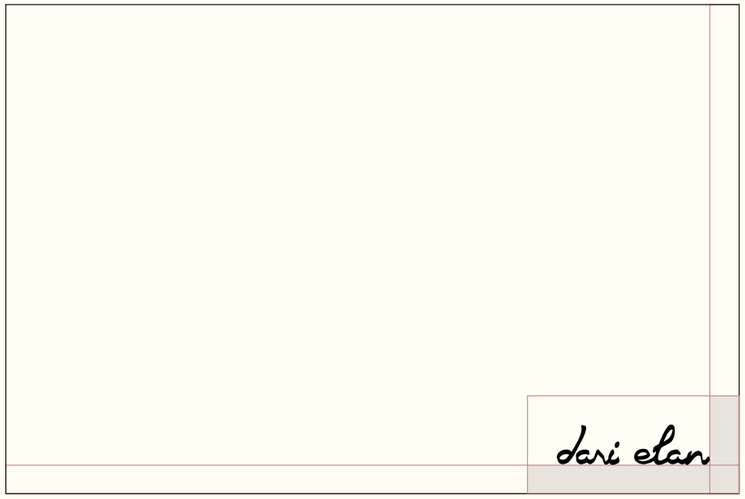
do not rotate logo

do not change logo configuration

do not change color

do not stylize logo

Primary wordmark placement



placement A.

Lower right of content, placement aligned with logo clear space

placement B.

Lower left of content, placement aligned with logo clear space
